

Thiel & Partner have been producing and distributing high quality drivers under the accuton® brand since 1994. Our drivers are made of stiff membrane materials such as Al<sup>2</sup>O<sup>3</sup> ceramics, CVD-diamond and aluminium sandwich and are produced in Bexbach in Saarland, Germany. Management, development and distribution are coordinated in Pulheim near Cologne.

We strive to lead the global market in the highest quality dynamic loudspeaker drivers in both construction and sound. To this end, we apply stringent quality criteria and technological expertise in the development of our products.

We also provide our customers with extensive support in the design and development of high-quality loudspeakers for home , automotive and marine use.

We are looking for the following employee to join the team in our production base in Bexbach as soon as possible:

## **Production Technician (f/m/d)**

The following qualifications are required:

### **Professional:**

- completed training as an industrial mechatronics or mechanics technician
- experience with an inventory management system
- good working knowledge of MS-Office programmes(Outlook, Word, Excel)
- manual dexterity
- experience with CAD and ideally SolidWorks
- ideally also, work experience in an ISO 9001-certified company

### **Personal:**

- high quality awareness
- a talent for organisation and teamwork
- structured thinking skills
- a hands-on mentality
- good knowledge of both spoken and written German and English
- strong willingness to learn in a continuously developing environment

### **Responsibilities:**

- procurement of production parts and operating equipment
- complaint-management pertaining procured parts and defective production parts
- reworking of production parts in the ongoing production process
- implementation of production machinery in a representative capacity
- construction of project-relevant systems

### **We offer you:**

- a salary corresponding to the tasks involved
- pleasant collegial environment
- good opportunities for career advancement

If you are interested in this position, we look forward to receiving your application via the application form on our website.
