

Thiel & Partner have been producing and distributing high quality drivers under the accuton[®] brand since 1994. Our drivers are made of stiff membrane materials such as Al²O³ ceramics, CVD-diamond and aluminium sandwich and are produced in Bexbach in Saarland, Germany. Management, development and distribution are coordinated in Pulheim near Cologne, Germany.

We strive to lead the global market in the highest quality dynamic loudspeaker drivers in both construction and sound. To this end, we apply stringent quality criteria and technological expertise in the development of our products. We also provide our customers with extensive support in the design and development of high-quality loudspeakers for home and automotive use.

We are looking for an employee for the following position in our production base in 66450 Bexbach (Saarland) as soon as possible:

Technician for Quality Control

The following qualifications are required to fill the advertised position:

Professional:

- ideally, work experience in a producing company
- basic knowledge in loudspeaker technology, particularly in measuring technology
- thorough knowledge in all MS Office Programms
- experience in an inventory management system
- ideally, basic knowledge in CAD – specifically Solidworks

Personal:

- excellent manual ability for delicate work – a „steady hand“
- high quality standards
- a talent for organization and teamwork
- basic english
- a willingness to learn in a continually developing market

Scope of duties:

- parameter measurement and quality control of drivers, including documentation
- assignment of serial numbers and packaging
- processing of production assignments
- installment of production machinery

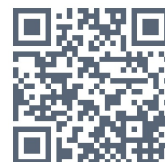

We can offer you:

- an above average salary for this position
- flexible working hours
- a pleasant team and working environment
- promotion opportunities

If you are interested in applying for the abovementioned position, please send your application with the usual documents, preferably via email, to Adrian Bankewitz. We look forward to hearing from you.
